

Digital Champion Training

- ✓ Passionate about supporting other's learning
- ✓ Ability to pass on knowledge
- ✓ Good communicator and patient
- ✓ Warm, friendly personality

Online Training

Take part in an online course to increase your awareness of internet safety. Learn about:

- Features of the internet
- How people use the internet
- Risks associated with using the internet
- Staying safe when using the internet
- Recognising online propaganda

You'll receive a Level 2 qualification in Principles of Internet Safety, all through online learning with an online assessment at the end.

Takes an average 4 hours to complete studying and assessments

Virtual Session

After completing your online training, a virtual session will be booked. Learn about:

- Why Digital and Social Inclusion matters
- Why Digital Champions are needed
- What are digital skills
- How to be a Digital Champion
- How to improve peoples digital skills

You'll receive a Digital Champion certificate, a Lanyard and access to the Digital Champions Network so everyone feels equipped and visible to those who need support.

The virtual training session will take ½ day.
